

## **UNITED STATES HISPANIC CHAMBER OF COMMERCE ANNOUNCES STRATEGIC PARTNERSHIP WITH INTERNATIONAL INCYBER FORUM EVENT IN THE U.S.**

*USHCC to Support American Debut of Europe's Largest Cybersecurity Conference in San Antonio, the American Hub of Cybersecurity Innovation, in June 2025*

**WASHINGTON - January 15, 2025** – The United States Hispanic Chamber of Commerce, America's largest Hispanic business advocacy group, announced today a strategic partnership with the InCyber Forum to support its first-ever U.S.-based conference, to be held **June 17-18, 2025, in San Antonio, Texas**. Current partners for the upcoming event include the U.S. Federal Bureau of Investigation, the U.S.-Mexico Foundation, NukuDo, Google Cloud, and others.

[The InCyber Forum](#) is the host of Europe's largest annual multi-day cybersecurity conference, which, since 2007, has become the preeminent cybersecurity convening in Europe focused on digital security and trust. The forum goes beyond the traditional trade show, bringing together public- and private-sector luminaries, industry thought-leaders, academics, governmental bodies, professional associations, and others to build and grow a global, multi-stakeholder cybersecurity ecosystem.

"The United States Hispanic Chamber of Commerce is excited to partner with the InCyber Forum and explore the contributions of Hispanic Americans and Hispanic-owned businesses to the innovation, job creation, and economic growth generated by the critically important cybersecurity industry," said **Ramiro A. Cavazos, president and CEO of the USHCC**. "In San Antonio, about [a fifth of the businesses are Hispanic owned](#), making this event a rich opportunity for Hispanic enterprises to learn about cybersecurity through InCyber Forum's first-ever U.S. convening."

The USHCC is dedicated to supporting its members' business interests across North America. The San Antonio edition of the InCyber Forum was announced on March 28, 2024, at the forum's annual event in Lille, France, which brought together 22,000 attendees from 82 countries over three days.

“The InCyber Forum San Antonio will bring together leaders in the cybersecurity space from around the world to discuss the latest technologies, innovations, and industry best practices,” said **Vincent Riou, general manager of InCyber Forum Americas**. “With the United States Hispanic Chamber of Commerce as our partner, we're creating new opportunities for business connections, which is needed to bring a successful InCyber Forum to San Antonio.”

The InCyber Forum San Antonio will also focus on protecting against evolving cyber threats unique to the U.S. and how those threats specifically impact allies, small businesses, and key North American stakeholders.

### **About the USHCC**

The United States Hispanic Chamber of Commerce, America's largest Hispanic business advocacy group, promotes the growth and development of over five million Hispanic-owned businesses that contribute more than \$800 billion to the national economy every year. Founded in 1979, the USHCC represents over 260 local chambers and business associations and partners with hundreds of major corporations. Recognizing the more than \$3.6 trillion GDP contribution of U.S. Latinos, a vital economic force, the USHCC is dedicated to supporting the communities driving this impact nationwide.
